NO MORE GRIPS

New Line Now Open to
the Public.

TAKE THE C. C. C. ROUTE TO CERTAIN RELIEF WITHOUT A GRIP OR GRIPPE. FARE, 10c.—GET PASSAGE AT ANY DRUG STORE.

No more grips. Russian or any other kind. That is the verdict of the traveling public who have grown tired after years of experience with the grips and grips of pill form and liquid purgatives.

To open the bowels naturally, easily, without disagreeable feelings or results, has been the problem before modern science, which has been solved in Cascarita Candy Cathartic.

Cascarita is the ideal laxative, harmless, purely vegetable, mild yet positive. They make the liver lively, prevent sour stomach, purify the blood, regulate the bowels perfectly.

They cure constipation. We want you to believe this, as it is the truth, backed by an absolute guarantee. Cascarita does not cure any case of constipation, purchase money will be refunded.

Go buy and try Cascarita today. It's what they do, not what we say they do, that proves their merit. All druggists, 10c., 25c. or 50c., or mailed for price. Send for booklet and free sample. Address: Sterling Remedy Co., Chicago, Montreal, Can., or New York.

This is the CASCARITA tablet. Every tablet of the only genuine Cascarita does not cure any case of constipation, purchase money will be refunded.

Credit Makes the Buying Easy.

ALONG THE RIVER FRONT

WINDS INTERFERE WITH WORK ON
NEW DREDGE.

Ample Supply of Oysters and Fish at
the Wharf—General and
Personal.

The northwest wind of the past two days has prevented the workmen on the new dredge from connecting up the pontoon pipe line between the dredge and the shore. Several efforts were made to do so, but no heavy work was done. It broke the pipe connections and sank two of the pontoons. With the calmer weather of today the connections will be made.

The engineers in charge of the harbor dredging operations about two weeks ago put up a line of stakes as digging marks for the dredgers. When the ice made by the recent freeze began to run it knocked down and carried away all these marks.

The fish market at the 11th street wharf was well supplied with fish of all kinds this morning. The river boats from the shores on the river bringing up a quantity of bunch fish, and the Norfolk line steamer having on board thirty packages from about Norfolk and from the coast of North Carolina.

Six packages were also brought up by the steamer from the river nets and seven came by express from the Jersey and northern shores. The market this morning was well attended and the sales brisk. Prices show a slight decline from the figures of early in the week. Shad this morning sold at 40c. each for buck and 90c. for roe; herring brought 25c. each; croaker, 4c. per pound; black bass, 12 to 14c. per pound; jumping mullets, 3 to 5c. per pound; rock, 14 to 15c. per pound; white perch, 12 to 15c. per pound; bluefish, 5c. per pound; trout, frozen, 6c. per pound; trout, salmon, 8c. per pound; haddock, 3c. per pound; smelt, 7c. per pound; yellow perch, 10 to 25c. per bunch, and catfish, 20 to 25c. per pound.

Several shipments of fish from Passapatan, Windmill Point and Plum Tree fishing shores have been received in the past two days.

Twenty-five vessels, having on board about 5,000 bushels of oysters, were lying at the 11th street wharf yesterday morning. The market today was rather poor and prices kept down in spite of the cool weather. A number of the vessels which reached port before the inaugural ceremonies have sold out their cargoes and sailed for the lower river oyster grounds to reload for this port. The recent arrivals at the oyster wharf are the American Eagle, Addie, Margie Smith, Robinson, Amanda, Lewis and Water Lily. They all bring cargoes from the Colonial Beach and W. Comico river neighborhoods. The Norfolk and river boats also brought up a quantity of oysters in barrels for the local dealers.

Schooner and Other Craft.
The schooner Haven is at Alexandria taking on supplies before sailing for Windmill Point fishing shore.

The steamer Potomac sailed yesterday evening with a large cargo for the lower river landings and Baltimore.

The Adla Ballinger is lying at the wharf foot of Prince street, Alexandria. It is understood she will shortly begin the running of fish for the lower river.

The schooner Jennie C. May, now discharging a cargo of ice for the Mutual Ice Company at Alexandria, will complete unloading in a day or two and sail for Baltimore or Newport News to load coal for a northern port.

The tug Camilla arrived in port yesterday evening with a cargo of ice. She is unloading a cargo of cord wood, sailed for a river port to reload.

The tug Camilla arrived in port yesterday evening with a cargo of ice. She is unloading a cargo of cord wood, sailed for a river port to reload.

Dougherty's tug Stella, having a Standard Oil Company barge laden with oil, in tow, has arrived in port.

The schooner Katherine D. Perry, which is unloading a cargo of ice at the wharf foot of 3rd street, has sailed for Baltimore to load coal for Boston, at 75 cents per ton. She will leave for Baltimore with a cargo of cord wood for Carter & Clark.

The tug Edna and Nellie, after unloading a cargo of ice at Alexandria, sailed for the lower Potomac.

The steamer E. James Tull is at Alexandria loading a cargo of grain for the mills at Coconino.

Matters of General Interest.
The schooner Julia and Annie went into Alexandria Wednesday to load a cargo of brick and building material at H. K. Field's dock. After taking on her cargo she started down the river, but had gone but a short distance from the dock when she ran upon a bar and stuck fast. She remained there until late in the evening, when a high tide floated her, and she resumed her voyage to the lower river.

One of Miller's large mud dredging machines has gone to work deepening the channel leading from the main channel of the Eastern branch to the wharf of the United States Government Insane Asylum. The machine is used to rock coal and wood from vessels for use at St. Elizabeth's.

The United States training ship Hartford has been discharging ashore on a lighter for several days past. Yesterday she was engaged all day in taking on coal and stores preparatory to sailing today.

Captain Rutledge of the wrecked schooner G. Merwin, who is now in Norfolk, hopes to be able to save a portion of his vessel. The vessel is reported to be breaking up rapidly.

Numbers of the members of visiting organizations here early in the week from the interior portions of the country, had their spring excursion to the river, and at the wharf the shuckers were constantly surrounded by groups of soldiers watching the operation of opening the bivalves.

Unsubstantial ice along the river on Tuesday and Wednesday nights, but it was soon broken up by the moving steamers and quickly blew ashore.

George Rogers, belonging to Mr. Louis Smoot, which has been on the marine railway at Alexandria for several weeks, being overhauled, has been launched, the repairs having been completed.

Three flocks of ducks, numbering in all two or three hundred, were seen in the river off Daingerfield's Island between this city and Alexandria yesterday morning.

Navigation on the Delaware and Chesapeake canal has been resumed, the ice in the Elk river, the western approach to the canal, having disappeared. A number of barges from this port are waiting to go through the canal to Philadelphia.

Notice is given by the lighthouse board that the Green Point light, on the western side of the channel of the Neuse river, N. C., which was destroyed by collision of a passing vessel on January 23, 1901, has been rebuilt and the fixed white light thereon was again lighted on February 22, 1901.

The bark Kremlin is reported off Point Lookout, bound to port, with a cargo of asphalt from Trinidad.

Captain Charles O. Tubman has purchased the schooner Eugene of Crisfield. She registers ninety-four tons and will be used in the bay and river trade.

Purser Aleck Beall is again on duty on the steamer Potomac. Purser Will Jones, who was on the Potomac, has been assigned to duty in the Weema line office in Baltimore.

Captain McCracken of this city, the pilot who was aboard the barge when she went ashore, has returned home. He disclaims. It is stated, any responsibility for the accident and says the investigation which will be made will free him from all blame.

Marvels in Textile Work.
From Fibre and Fabric.

The more I see and learn of Japanese textiles the more I am convinced that we can teach them but little in the art of making fabrics. We can teach them rapid production, but this is all we can do. Their crapes, both cotton and silk, are of extraordinary beauty. Our women are wild in their expressions as to the beauties of their silk crapes. I have a piece of brocade said to have been worn by one of the shoguns 250 years ago, and it is just as beautiful as true, for it is falling apart with age.
